

REMOVER

Kährs Remover is a remover for Kährs Lacquer Refresher and Wax based polishes from wooden floors. Kährs Remover can also be used for heavy duty cleaning.

Dosage

Heavy duty cleaning: 50-100 ml/10-liter water

Polish Removal: 500-1000 ml/10-liter water

Application

1. Spread out the mixture with a sponge or cloth. Use as little mixture as possible.
2. Allow to react for a few minutes and then work in with a scrubbing brush.
3. Wash the floor with clean water with a slightly damp cloth. Use as little water as possible. Be careful with beech wood species, because too much moisture might damages the short ends of boards or strips.

Health and Environment

Caution: Keep out of children´s reach. Avoid contact with eyes. Precautions common for handling chemical products should be taken. For further information, please see the Material Safety Data Sheet.

ARTICLE NUMBER: 710523

TECHNICAL DATA

Contents: Biodegradable tenside

Ingredients: Water, blend of surfactants

Tetrasodium glutamate diacetate

pH: Approx. 11

Shelf life: 24 months in unopened container. Store free of frost.

Toxicity: Not classified

Flammability: Non-flammable

Packaging: 1 liter plastic bottle
